

WORLD LANGUAGE ACADEMY MIDDLE

September 4, 2018

Dear Potential Corporate Sponsor:

In today's global society, it is becoming increasingly more important to create an educational environment with opportunities outside of the traditional classroom setting. That is why World Language Academy Middle School has established a program that embraces cultural diversity and builds upon its mission to: Empower and inspire future globally minded citizens within a dual immersion community as we strive to develop world-changing individuals who respect and serve others. Our goal is for our students to be bilingual, bi-literate, and caring multi-cultural citizens. To accomplish this, we are determined to provide opportunities that both challenge and extend beyond the borders of our communities, state, and great country.

For the fifth year, our seventh grade students will be afforded the opportunity to learn about and experience the Costa Rican culture by traveling to Costa Rica in the spring of 2019. As one might expect, there is a substantial cost that families incur, which often limits the opportunity and availability for some students. That is where you come in. By making a tax-deductible donation to support these young world leaders, the associated costs can be reduced, enabling more students to have this unique opportunity. Please know that any amount would benefit students and be greatly appreciated and all corporate donations will be recognized with a letter of acknowledgement for tax purposes.

If you are interested and able to donate to our program, please make checks payable to World Language Academy Middle School and mail to the attention of Laurie Brown at 3215 Poplar Springs Road, Gainesville, GA 30507. Thank you for your consideration.

Respectfully,

Laurie Brown
Educator
WLA Middle School
